Our Story

As a mother + daughter team, we believe in the power of a family. Together we share over 30 years of ministry with children, teens, adults, and families in the Diocese of Orange, CA.

Our education includes multiple Theology and Pastoral Ministry Degrees from Loyola Marymount University and Boston College. We are faith-filled, funny (we've been told!), relevant, inspirational, and innovative.

We understand the messiness of family life, but we also see the opportunity. Our passion is to provide practical resources and presentations for today's parents that support and encourage them to share faith in their homes. As a valuable resource for schools, ministries, and parishes we are committed to finding new ways to better serve the domestic church.
