

Livestream Technician

Contract

Hours: Sunday 10:30 am to 2:30 pm; Occasional Saturdays and holidays

Education: HS Diploma

Job Description

The Livestream Technician will be responsible for producing and directing livestream Masses on Sundays for Holy Trinity Catholic Church.

The Technician will run the livestream during Mass including controlling multiple cameras, including angles or views, proper camera selections for specific parts of the Mass, monitoring audio and controlling the streaming selections to Facebook and YouTube.

The Livestream Technician will report to the Pastoral Associate for Parish Mission, Life and Communications. Occasional meetings and/or monitoring of work and progress may be required.

Job Requirements

Required Qualifications:

- Ability to learn quickly and adapt to rapidly changing scenarios under pressure
- Tech-savvy
- Basic knowledge of computers; training will be provided
- Fluent in English
- Punctuality

Preferred Qualifications:

- Previous Live-streaming experience
- Basic understanding of the structure of the Mass

- Familiarity with Audio System (mixer, etc.)
- Familiarity or basic understanding of Spanish

Responsible for timely communication regarding upcoming absences, etc. Other live-streaming opportunities may arise, such as funerals, weddings, etc.
