How to Triage

September 16 from 10:00-11:30

As ministers, we interact with any number of parishioners and volunteers. Many of the parishioners we interact with are stressed out, but some may be stretched to the breaking point. How do we know who is stressed and who is ***stressed***? Join us for a 75 minute discussion that will provide you with some skills on how to triage parishioners that may need professional care and how to handle the situation when you encounter it.

Catechetical Sunday Resources

September 20

Catechetical Sunday is a wonderful opportunity to reflect on the role that each person plays, by virtue of Baptism, in handing on the faith and being a witness to the Gospel. Catechetical Sunday is an opportunity for all to rededicate themselves to this mission as a community of faith. There are many resources available [here](#). In particular, please read the article [Putting Parents at the Center of our Ministry Efforts](#) by John Rinaldo. John also has three videos titled: Let Parents Do the Formation, Build Relationships with Parents, and Evaluate Current Adult Faith Formation Activities that can be found [here](#).

Teachable Tuesday Workshop

September 22 from 9:30-12:00

Why Engaging Families is More Important than Ever and How to Do It Well!

Dr. Kathie Amidei

Our parish faith formation might look much different than it did just six months ago. If you were engaging families in a family catechetical model, you may be more need to make adaptations for the coming year. And if you haven't, you might wonder how to start now! This presentation will give you encouragement and motivation to engage families, and some practical strategies to do so. Kathie will share her personal experience of creating and implementing family catechesis. She will share how to establish a family faith formation model or simply have a successful family catechetical session or connect with your families in some way. Finally, she will address how family catechesis evolves and how it is evolving during the pandemic.
